DETAILED ACTION

Allowable Subject Matter

1. Claims 1-30 are allowed.
2. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1-16 is the inclusion of the limitation in response to detection of said condition outputting via terminals of the data processor said second parameter value and only a remainder portion of said first parameter value other than said first portion of said first parameter value.

The primary reason for the allowance of claims 17-27 is the inclusion of the limitation said apparatus further including a compression determiner coupled to said information generator and said input and said terminals said compression determiner responsive to said condition information for outputting via said terminals said second parameter value and only a remainder portion of said first parameter value other than said first portion of said first parameter value.

The primary reason for the allowance of claims 28-30 is the inclusion of the limitation said integrated circuit including a plurality of terminals coupled to said emulation controller for outputting information to said emulation controller and said apparatus further including a compression determiner coupled to said information generator and said input and said terminals said compression determiner responsive to said condition information for outputting to said emulation controller via said terminals said second parameter value and only a remainder portion of said first parameter value other than said first portion of said first parameter value.

These limitations are listed in the above-specified groups of claims. No prior art references included these limitations and they are seen as being nonobvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
